Save Texas Water

Water Conservation

Spring is right around the corner and it's time to spruce up your yard, here are some tips to beautify and save water.

1. Timing is everything- Know how much water your landscape needs before you set your sprinkler.

2. Watering- It's best to water lawn and landscapes in the early morning and evening after the sun goes down. your grass doesn't always need water, just step on it and if it springs back it doesn't need to be watered.

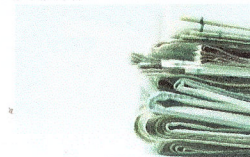

YOUR VOTE COUNTS!!!!

Our next meeting will be on March 2, 2024, at 10:00 AM this will be the annual meeting and

****We still need a couple people for members at large, if you feel this is something you want to try, come to the meeting on March 2nd.**

Neighborhood News

Post Oak Savannah is offering classes for rainwater harvesting May 2nd 2024 from 9-1, classes are free.

****Starting March 1st 2024, the base rate for water will be going up from the current rate of \$58.35 to \$59.35, this is to cover utilities and meter rates****

if you would like your invoice emailed each month, please send an email to bcrwsc@aol.com to let Anita know and include your account number.
